WaveLine – the new cab heater from Calix!

WaveLine is our line of quiet and powerful cab heaters. With a maximum noise level of 50 dBA, WaveLine is quieter than its predecessor and has a new, modern design with a touch of Calix red.

The cab heater is self-adjusting, meaning it adjusts the power based on the surrounding temperature. Of course, all WaveLine models meet the electrical safety regulations and are S-marked for extra safety.

WaveLine is available in 800W, 1000W, 1200W, 1700W, and 2000W. The 1700W and 2000W versions have two ON functions that allow you to change the power. The 1200W and 1700W versions are available with a schuko or a mini plug.

The cab heater can be installed in several ways. Use the quick clip, the mounting hold, or the wire bracket!

Below is a list of the different versions of WaveLine for 230Vac/50Hz systems:

1768038	WaveLine 800W kpl	Schuko plug. One power mode, 800W at -25°C. HxLxW: 37x195x145mm Output: 800W @ -25° Weight: 0,7kg
1768032	WaveLine 1200W kpl	Schuko plug. One power mode, 1200W at -25°C. HxLxW: 37x195x145mm Output: 1200W @ -25° Weight: 0,7kg
1768033	WaveLine 1200W Mini plug	Mini plug. One power mode, 1200W at -25°C. HxLxW: 37x195x145mm Output: 1200W @ -25° Weight: 0,7kg
1768052	WaveLine 1700W kpl	Shuko plug. Two power modes, 1100W or 1700W, at -25°C. HxLxW: 50x195x145mm Output: 1100W or 1700W, @ -25° Weight: 0,9 kg
1768053	WaveLine 1700W Mini plug	Mini plug. Two power modes, 1100W or 1700W, at -25°C. HxLxW: 50x195x145mm Output: 1100W or 1700W, @ -25° Weight: 0,9 kg
1768062	WaveLine 2000W kpl	Schuko plug. Two power modes, 900W or 2000W, at -25°C. HxLxW: 60x195 x145mm Output: 900W or 2000W, @ -25° Weight: 1 kg
